When your electric forklift breaks down, you risk:

- Spending too much money buying new parts.
- Losing profit and uptime waiting for parts or a new forklift.
- Spending hours and hours researching replacement parts.
- Buying new or used equipment when you don't have to.

You don't have time to deal with a down electric forklift. You need a solution *yesterday*.

At MidCo Power, we understand downtime is costly, so we're committed to get you up and running as *quickly and easily* as possible.

✓ **QUALITY WORK**

We have over 35 years of experience and expertise, we guarantee our workmanship will get you up and running in no time.

✓ **FAST TURNAROUND**

We know downtime is costly, so we offer extremely fast turnaround times and crystal-clear communication.

✓ **NO HASSLES**

You don't have time to deal with salespeople or to research replacement parts. Let us make this easy for you.
