✓ Efficient Clean

✓ Efficient Service

✓ Efficient Equipment

Busy facilities get dirty fast.

But if they stay dirty, you risk:

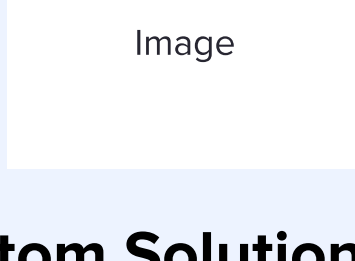

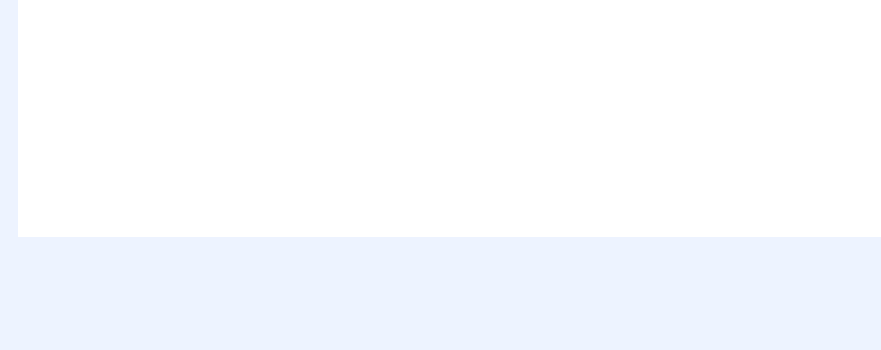

- Slip and fall accidents
- Damaged safety record
- Dirty and damaged goods
- Employee health risks
- Low productivity
- Low morale

At MidCo, we **sell** and **lease** the industrial floor cleaning equipment you need to keep your facility clean and your employees safe.

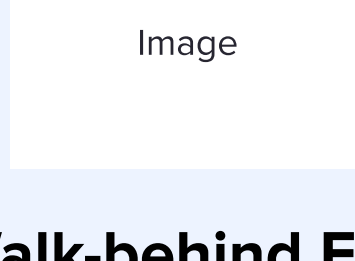

With MidCo you get:

- Better price
- Better value
- Better inventory
- Better service
- And, a hands-on test drive before you buy!

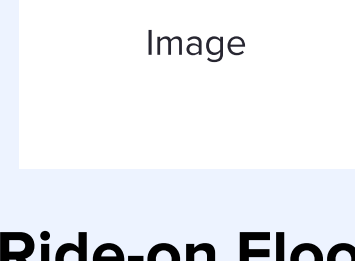

Guaranteed!

Custom Solutions to Fit Your Needs

Our technicians will customize your solution and bring it to your facility so you can test drive it for yourself.

Walk-behind Floor Scrubbers/Sweepers

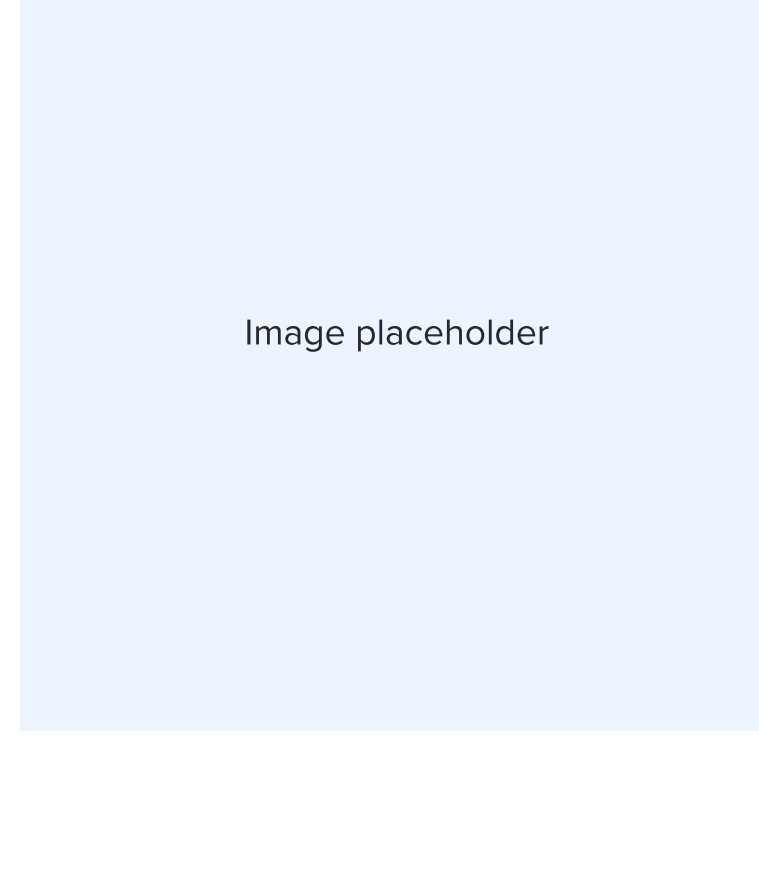

This is the equipment you'll want to consider if you have tight areas, narrow doorways, and ramps.

Ride-on Floor Scrubbers/Sweepers

Ride-on machines improve productivity by 400% compared to manual labor, broom and mops.

At MidCo, we believe a clean facility means a clean safety record. With the right floor cleaning equipment, you can avoid unnecessary recordable injuries, OSHA fines, product returns, dissatisfied customers, and employee injury claims.

Here's how industrial cleaning solutions at MidCo will take care of you:

- **Solid Expertise** — Since 1978 we've helped businesses across Washington state boost their safety record, improve operations, and increase productivity.
- **Free Assessment** — We want to save you time, money, and headaches so we offer a free on-site assessment to be sure you get the right solution for your operation.
- **Free Demonstration** — We will bring our best recommendation to your facility so you can see it in action and test drive it for yourself.
- **Free Training** — We will host a class to train your team how to safely and efficiently operate your new machine at your facility.
- **Satisfaction Guarantee** — Your satisfaction is our guarantee. We'll do anything to make you happy if any problems arise.

Never worry about dirty floors again.

Just like these satisfied customers.

"We know a clean warehouse is a safe warehouse, but dealing with dust, dirt, trash, and spillages is a full-time job. After test driving the equipment at our facility, Midco helped us solve this problem with a sweeper scrubber machine. I'm proud to say, our facility is safer now because we've got a handle on the dirt and debris. Thanks, MidCo!"

See a Free Demo

See the Midco difference firsthand. Our experts visit your facility to pair you with the right machine to save you time and money. Take a test drive yourself!

3

Keep Your Facility Clean

Finally get ahead with cleaning equipment designed to keep your people safe and your products ready-to-go. Plus, when you buy or lease your new machine, we host a complimentary class to train your team.

With the right industrial cleaning machine, you get more than clean floors.

icon

Fewer Safety Risks

Slip and fall accidents are the most common accidents. Keep your safety record clean with clean floors!

icon

Save Time & Money

Employees pushing brooms and mops cost you money. 90% of the cost to maintain floors goes to that wasted labor.

icon

Lower Insurance Premiums

A facility who maintains a clean record of safety for a long time, will qualify for better insurance rates & lower premiums.

The right industrial floor cleaning machine will give you a high ROI and can even pay for itself.

Ditch the high cost of dirty floors.

We know you work hard, and the harder you work, the dirtier your floors get. Dirty floors can cause serious issues such as slip and fall accidents, equipment breakdowns, violations, fines, and low morale. The bottom line is, dirty floors create unnecessary risk.

At MidCo, we believe a clean facility means a **clean safety record**.

Here's how we are committed to you and your floors:

- **Solid Expertise** — Since 1978 we've helped businesses across Washington state boost their safety record, improve operations, and increase productivity.
- **Free Assessment** — We want to save you time, money, and headaches so we offer a free on-site assessment to be sure you get the right solution for your operation.
- **Free Demonstration** — We will bring our best recommendation to your facility so you can see it in action and test drive it for yourself.
- **Free Training** — We will host a class to train your team how to safely and efficiently operate your new machine at your facility.
- **Satisfaction Guarantee** — Your satisfaction is our guarantee. We'll do anything to make you happy if any problems arise.

Schedule a free site survey and we'll provide recommendations. Then, we bring equipment to your facility so you test drive and see for yourself. And finally, when we deliver your industrial floor cleaning machine, we'll host a class to train your team how to operate your new equipment..

Once you schedule a free site survey, you're on your way to getting your facility clean and keeping it that way. In the meantime, check out our industrial floor cleaning ROI calculator to find out how an industrial floor cleaning machine can pay for itself [link to eBook lead gen], so you can finally get the dirt off your floors for good.
